Network of County Roads Planned for Orinda-Moraga

Thomas Shreve and Will Pacheco of the Contra Costa County Public Works Department revealed plans of Public Works Director Victor W. Sauer for a new network of county roads in the Orinda-Moraga Area at a meeting of the Diablo Highway Federation.

One of the roads would run south from Mt. Diablo Boulevard, in the approximate vicinity of the Kaiser Rock Quarry, to Moraga where it is planned to connect with the Shepard Canyon Road when the latter is completed.

MORE DISTANT plans are to project this road beyond the Shepard Canyon Freeway to provide a new road to the Bollinger Canyon Road which ultimately will provide a new route from Mt. Diablo Boulevard through a presently undeveloped area in Orinda to Moraga and beyond to Danville.

Prospects appear favorable for early development of the Bollinger Canyon Road, which when improved and extended, will shorten travel time from Alamo and Danville to Orinda and Moraga and when the Shepard Canyon Freeway is completed will provide rapid and convenient access to East Oakland.

Another road from Glorietta Boulevard to the new road from the Kaiser Rock Quarry in addition to an interchanged planned with Sanborn Road in Orinda is also part of the proposed development.

WHILE THESE roads are at present primarily in the planning stage their status of a segment of the County Road system is indicated by a Number Two priority on the Road Commission's list for mapping.

Other proposed county activities in the Orinda area include the extension of Charles Hill Road to Trampas View Road and to Camellia Drive.

Chairman Elliot Hartman stated intentions of the Highway Federation were to schedule a meeting in the near future and invite representatives of improvement associations in the Charles Hill area, fire chiefs from Orinda and Lafayette and representatives of school transportation to discuss and lend their support to this needed extension.

HARTMAN STATED the Highway Federation welcomed news of plans for the new network of roads and stated it was indeed assuring to know of the Public Works Department's eye to the future and vision in expanding the county road system to keep pace with the growth of the area.

Chairman Hartman then welcomed Director Farrell A. Stewart into the Federation. Stewart is Director of Public Works for the City of Concord. Hartman said that in view of the growth of Walnut Creek and Concord into almost one continuous area, it was realized the Federation should have a representative from Concord on its Board of Directors and stands ready to offer assistance where ever possible to the City of Concord in road matters of concern to them.

FARRELL expressed his appreciation of Hartman's offer and stated the City of Concord in turn welcomed the opportunity to join in mutual cooperation in achieving progress in development of both county and state road systems and the facilitating of inter-community traffic circulation throughout the rapidly growing area represented by the cities of Concord and Walnut Creek.

After consideration of other activities, Hartman set the next directors meeting for March 21 at the home of Charles Johnson in Danville.

New Fire House Contract Awarded To Romley Firm

Romley Construction Company of 2780 Mt. Diablo Boulevard, Walnut Creek, was awarded the contract Tuesday for construction of Orinda Fire House 3 at Via Las Cruces and Honey Hill Road, on its low bid of $29,584.

The contract was awarded by the County Board of Supervisors at its meeting in Martinez, after three sealed bids had been received.

The other two bidders were Fred C. Von Guenthner of Orinda, and Hancock Construction Company of Lafayette.

Present at the supervisorial session were President Gilbert Earle, Vice-President Zach Montgomery and Secretary Clarence Betz of the Orinda Fire Board and Fire Chief H. E. Wyatt of Orinda.

AFTER THE BIDS had been opened they conferered with Assistant District Attorney Tom McBride, and they informed the supervisors that they were authorized by the other Orinda Fire Board members to indicate approval of a satisfactory bid.

They told the supervisors that the Romley bid was satisfactory, and the supervisors then gave the nod to Romley.

BIDS WERE ALSO opened Tuesday by the supervisors on equipment to be used at the new fire house, construction of which is expected to begin soon and to be completed by July 1.

Two bids were received on a new fire truck — from Coast Apparatus of Concord, for $16,765, and from Van Pelt, Inc., of Oakland, $16,093.

Two other bids were received for the furnishing of fire hose — American Rubber, $1.48 per foot for 2½-inch hose, 97 cents per foot for 1½-inch hose; Quaker Pioneer, $1.60 per foot for 2½-inch hose, $1.15 per foot for 1½-inch hose.

The supervisors continued the subject of the equipment to next Tuesday, 10 a.m.

IN THE MEANTIME, the Orinda Fire Board will hold a special meeting at 3 p.m. tomorrow to discuss the bids on a fire truck and hose, according to Betz.

Betz said yesterday that the fire board will make its recommendations to the supervisors in time for next Tuesday's supervisorial meeting.

The new fire station will house two pieces of vehicular equipment, Betz explained. One will be the new truck.

Retired Marine General Backed for Supervisor

The Citizens' Committee for Better Government yesterday announced its decision to support retired Marine Corps Brig. Gen. Clarence R. Wallace, as a candidate for supervisor in the Second Supervisorial District.

The district comprises the communities of Crockett, Orinda, Lafayette, Moraga, Alamo, Danville, San Ramon, Saint Mary's Port Costa, Diablo and Alhambra.

General Wallace resides at 196 Estates Drive, Danville.

IN A SERIES of meetings held in Lafayette over a three-week period, potential candidates were invited to appear before a representative interviewing committee selected on a geographical apportionment basis.

In addition, the committee sought out and urged other citizens to throw their hats in the ring.

F. S. Clough of the interviewing committee said:

"We are gratified to report to the residents and voters of the Second District that the selection of General Wallace received the unanimous approval of our committee.

"This is remarkable in view of the fact that there were several good candidates available for this important elective office."

AT THE CONCLUSION of its deliberations, the interviewing committee prepared the following statement:

"In General C. R. Walace we have found a candidate who we know will fill every requirement for an outstanding supervisor for this fast-growing district.

"In the next four years important decisions will have to be made which will vitally affect the character and economy of this area and determine the course of its future for ourselves and our children. This is perhaps the most important supervisorial race in the history of Contra Costa County.

"For this reason we are grateful that a man of the character and experience of General Wallace is willing to come out of retirement to serve the people once more.

"A GRADUATE OF Annapolis, Class of 1919, with 33 years of distinguished service in the Marine Corps, General Wallace has been a resident of the district for five and one half years and is well acquainted with the problems of this county.

"His extensive administrative experience in the military branch of our government eminently qualifies him for the leadership required as a supervisor.

"This job calls for a high degree of courage and vision. In these respects, General Wallace is outstandingly qualified. As field commander of a combat regiment in the battles of Tinian, Saipan, Okinawa, he distinguished himself in the service of his country.

"AS A RETIRED general, General Wallace has no business connections in this county. He comes to the people with no conflict of interest and pledges himself to full-time devotion to what must be recognized as a full-time job.

"In concluding its assignment, the interviewing committee wishes to epxress its appreciation of the cooperation shown by each candidate in appearing before it to outline his personal qualifications and platform."

GENERAL WALLACE stated:

"I feel highly complimented by the action of the committee in selecting me as its candidate for supervisor in the Second District.

"It is most heartening to be supported by such a public-spirited group of citizens, and it will be a privilege to work with them in their goal of obtaining better government in this county."

Cummings Out of Race; Several Vie for Supervisor

With Supervisor H. L. (Jack) Cummings having announced that he will not seek reelection, the race for supervisor of the Second District yesterday assumed sharpened intensity as several aspirants prepared for active election campaigns.

Cummings' announcement was read at the Board of Supervisors meeting in Martinez Tuesday by District Attorney Francis W. Collins.

Yesterday the Citizens' Committee for Better Government announced its decision to support Brig. Gen. Clarence R. Wallace of Danville for the supervisorial post.

At the same time David Comstock of Alamo, advertising man, announced that he will be a candidate for supervisor.

HAROLD MUTNICK, Lafayette attorney, said yesterday, "I'm still seriously considering running."

"Withdrawal of the incumbent from the race will in no way affect my decision, because I feel that the same basic issues remain, regardless of personalities," Mutnick stated.

He added that he was expressing his interest in being a possible candidate with full knowledge of the announced support of Brig-Gen. Clarence R. Wallace by the Citizens' Committee for Better Government.

Filing period will open Wednesday and will continue to March 30.

OTHERS who have definitely tossed their hats into the ring include Edward M. Larmer, Lafayette resident and Walnut Creek businessman; William R. Zion of Lafayette, who has been research director of the Contra Costa County Taxpayers Association the past four years, and Mel Nielsen, Lafayette tire dealer.

Jack Pedder of Lafayette dropped out of the race last week.

Bruce Howard of Orinda, president of the Contra Costa County Taxpayers Association, declared there is "no basis" to the rumor that he may be a supervisorial candidate.

"I don't know how that rumor got started," said Howard, who is a member of the prominent Howard family and a brother of Harmon Howard of Walnut Creek. "I have never even contemplated running. I definitely will not be a candidate for supervisor."

Louis F. Comstock of Lafayette, who earlier had said he might run, said this week he has decided not to be a candidate.

CUMMINGS' STATEMENT was as follows:

"I will not be a candidate for supervisor. I have served the County of Contra Costa as a supervisor for 24 years, the last six years of which I have been chairman of the board.

"To have served has been an honor — to have represented the Second District with its many growing problems has been a challenge—to have worked with all county employees and elected officials has been a pleasure.

"The honor, the challenge and the work I have enjoyed.

"THE HARDEST PROBLEM in recent years has been zoning and planning, because zoning and planning under police powers represented deprivation of some property rights, so persons must of necessity be offended.

"Being a representative of my district and a supervisor of the entire county I have decided these matters on the basis of what I thought was for the best interests of everyone and the entire county, not any section.

"Surely some have disagreed with me, but I also disagreed with them. This county is destined for things great because it has industry, agriculture and residential land to supply homes for labor.

"I love this county, I love its people. You have been kind and good to me and as the years roll on I know that those who have been offended by some of my decisions will find out that time will prove me right.

"Thanks to the members of the board for their help and cooperation. May God bless you."

IN A SIDE comment to the board, Cummings observed:

"After 24 years of service I feel that I should retire."

Pointing out that he would be almost 73 at completion of another four-year term, Cummings said: "That would not leave me much time to play. I have a right to some private life and to give some attention to a business that has been badly neglected."

Cummings, a resident of Crockett, is an electrical contractor.

CUMMINGS had revealed that he would make a statement at the Tuesday board meeting. But when the time came he couldn't speak, and Collins said: "I have a copy of it, Jack. I know you're too choked up to read it, so I will."

As Collins read the prepared statement, Cummings wiped tears from his eyes several times.

Later, other board members praised Cummings, as did County Administrator D. M. Teeter, Jim Harley, manager of the County Employees Association, and Harry Morrison, executive director of the County Taxpayers Association.

Action Pursued For Association, C of C Unity

In an effort to explore possibility of greater cooperation with the Orinda Chamber of Commerce, a suggested agenda of topics for mutual discussion is scheduled to be presented to the March 12 meeting of the Orinda Association board.

At last Monday night's association board session at the Orinda School library, President Mel Arighi asked Vive-President Gene Estes and Treasurer Marvin Baker to prepare such a list of topics prior to the next board meeting.

Arighi suggested that Estes and Baker consult the association's Planning Committee on the matter.

THE ASSOCIATION'S Civic Affairs Committee recommended last week that the board and the Orinda Chamber of Commerce establish "better working relationships, for our common goal—the betterment of Orinda."

Other actions at the board meeting included:

1. Report by Baker that the net current financial position of the association was an $802 excess of assets over liabilities.

2. Vote to pay $5 organiaztional dues for a year's membership in the Contra Costa Park and Recreation Council.

3. **DECISION** to investigate a complaint by J. R. Marsh of 212 Camino Sobrante that noise of diesel pumps at the Central Contra Costa Sanitary District pumping station in the vicinity disturbs the area "day and night."

4. Referral to the schools committee of a letter from the Orinda Estates Owners Association regarding problems involved in possible Inland Valley school sites.

5. Decision to inquire whether Carl Rich, County Flood Control District chief engineer, can appear at an early meeting of the Civic Affairs Committee to discuss drainage problems.

THIS WAS PROMPTED by a letter from Thomas L. Stanley Jr. of Glorietta Boulevard, complaining of damage due to overflow at Glorietta Boulevard and Daryl Drive. The directors also voted to write to the Board of Supervisors about this matter.

6. Decision to write to Congressman John Baldwin for further information on possibility of a Veterans Administration hospital being located in Central Contra Costa County.

7. Vote of thanks to the 300 volunteer workers, the 35 zone captains and Mrs. Millard Simon, coordinator, for community-wide house-to-house canvassing in the recent poll on the Pine Grove rezoning problem.

Professor Newman serves on the governing council of the Association's Section of Administrative Law, and the council's main assignment at Chicago related to proposals of the Federal Hoover Commission regarding administrative law and procedure.

Over 1200 member of the ABA are also members of the Administrative Law Section. Professor Newman was elected to the governing council last August.

Hagstrom Leases Snow Parcel for Market, Stores

Hagstrom's Food Stores, Inc., has negotiated for a 35-year lease for the 3.62-acre parcel owned by John F. Snow in the Planned Neighborhood Business District, just south of Orinda Village, for a modern supermarket "and several smaller stores," E. A. Hagstrom of Diablo, owner and president of the Hagstrom firm, disclosed yesterday.

"The agreement is in effect now, with a few details still to be worked out," Hagstrom said. "The entire transaction should be consummated very soon — possibly this week."

The land is on the west side of Orinda Highway.

HAGSTROM SAID that the project would include a construction cost of "approximately $300,000."

"As soon as we get our plans approved by the County Planning Commission, we'll start building," he stated. "We hope to be ready for business there by the time school opens in the fall."

The 71-year-old founder and head of the food-store chain said that the group of stores would constitute a small shopping center and would "fit in with the beautiful countryside of Orinda."

TO BE LOCATED on the John F. Snow land will be the 41st of the Hagstrom chain's food markets and also several smaller stores. These latter, according to Hagstrom, will include a drug store, a variety store, a hardware store and "other smaller units."

"We plan a very, very nice group of buildings that will conform to the surroundings of Orinda and the Planned Neighborhood Business District standards," Hagstrom emphasized.

He said that there would be "ample parking space."

HAGSTROM'S TWO sons, both Orinda residents, are active in the operation of the firm, which was established in April, 1917.

Calvin Hagstrom of 9 Valley View Drive is sales manager. Warren Hagstrom of 41 Meadow View Road is assistant buyer.

Main office and plant of Hagstrom Food Stores, Inc., is at 2930 Broadway, Oakland.

The 40 food stores operated by the company are spread throughout the Northern California area from Tracy to Napa.

Subject Under Advisement Following 4-Hour Hearing

By BOB RAPIDA

Decision on whether or not 10.7 acres of Pacific Intermountain Express property at the Pine Grove would be rezoned was taken under advisement by the Contra Costa County Planning Commission Tuesday night in Martinez.

No disclosure was made by the commission of when a decision would be made. Action has been pending since mid-1955, when PIE filed its rezoning application.

In a four-hour public hearing jammed by some 250 spectators, the Orinda Association announced the results of its poll conducted February 11 through 26.

POLL RESULTS showed that 3298 persons of Orinda were opposed to rezoning of the Pine Grove, 1460 were in favor and 774 adults declined to express an opinion, the association claimed.

William Penn Mott Jr., a spokesman for the Orinda Association and a former member of the Contra Costa County Planning Commission, reported to the Planning Commission that A. M. Arighi, president of the association; Mrs. Ritchie Ward, secretary, and Marvin C. Baker, treasurer, were charged by the Board of Directors of the association to poll every resident of Orinda over 21.

"The Board felt that every resident should have an opportunity to express his opinion as to whether he was opposed or in favor of rezoning the Pine Grove property to an Administrative Office District," Mott continued.

"EVERY HOUSE in Orinda was contacted, an estimated total of 2893 homes. Out of that number 2768 homes in which adults were personally contacted were polled. There were 125 homes where residents could not be contacted," Mott asserted.

Prior to the reading of the Orinda Association's poll results, C. E. Johnson, executive vice-president of PIE stated that in the June poll conducted by PIE every adult resident of Orinda was contacted.

The result of that poll showed that 76 per cent of the population of Orinda was in favor of rezoning the Pine Grove to house the PIE's proposed offices and general headquarters, Johnson said.

JOHNSON further claimed that out of the 47 geographical areas that Orinda was divided into for the poll, each area voted primarily in favor of the rezoning.

Gladys Schwatka, legal counsel for the Orinda Association and one of three principal speakers in opposition to the rezoning of the Pine Grove to Administrative-Office, termed the Pine Grove site the most prominent and dominant parcel of land in central Orinda.

"EXPERT PLANNERS WHO have studied Orinda, including the planners on the technical staff of the Planning Commission, have recommended that the Pine Grove site be reserved for community facilities," said Mrs. Schwatka.

"If Orinda should become a self-governing unit, incorporated, there will result, of course, an immediate need for public buildings. Paul Pollaczek reported to the Board of Directors that his committee is planning its schedule so that definite recommendations can be placed before the people within 6 to 8 months," she continued.

Other studies are being carried on by the association for use of the Pine Grove as a community center.

EDWIN C. BROWN, 21 Sanborn Road, Dean of Men at City College of San Francisco, spoke on behalf of PIE in the dispute.

"I feel, and a good many of my neighbors feel in Orinda, that PIE's office building is a credit to any community and that that building will help to lower the taxes in Orinda," Brown stated.

"About 90 per cent of the homes in Orinda are not paid for and we need industry to help take the tax burden off the home owners' shoulders. I wouldn't stand for a smoky factory or a Fourth and Howard section but PIE would help to beautify Orinda," he concluded.

FRED KRACKE, secretary of the Association for the Progress and Improvement of Contra Costa County, stressed to the commission that if it failed to rezone the Pine Grove in favor of PIE a grave injustice would be done against all those who have striven to bring industry in to the county.

"All of our efforts will have been in vain if you (the commission) do not encourage PIE and ather concerns into Contra Costa County. PIE will be a credit to both the community of Orinda and the county," stated Kracke.

Joseph R. Longacre Jr., a spokesman for the Fact Finders, a group in favor of the rezoning issue, claimed that the Pine Grove site was "tailor-made" to the needs of both Orinda and PIE.

He also urged that matters be settled on friendly terms.

FRANK C. NEWMAN, professor of law at the University of California and a member of the Orinda Association, contended that Orinda was not opposed to business but opposed to "outside business."

"When the Special Retail Business District Ordinance was being considered last year and in 1954, we consistently declared our need in the community for shopping facilities. We are now opposing outside business because that kind of business is not set up to serve the needs of our community," Newmon declared.

Newman also claimed that the PIE would be "incompatible" with the general plan of Orinda. He pointed out that the Planning Commission on October 20, 1954, decreed that the Pine Grove was unsuitable for business uses and should remain residential-agricultural.

"IS THERE any reason why these findings should now be reversed and why uses declared not to be compatible in 1954 should nonetheless be looked upon as compatible in 1956?" Newman asked the commission.

In rebuttal, allegations and counter-allegations were hurled from both sides of tampering with ballots, propagandizing citizens, poll-takers operating in front of markets, people from out of Orinda participating in the voting and "skullduggery" in general.

JOHN C. HOULIHAN, attorney representing PIE, and a member of the Oakland Planning Commission and vice-president of the National Association of Planners, pointed out that the Orinda Chamber of Commerce voted 74-7 in approval of the rezoning of the Pine Grove.

Houlihan further stated that although the Orinda Rotary does not back issues as such, members showed that they were in favor of PIE building on the Pine Grove site.

Harold Wise, planning constultant for PIE, claimed that a PIE building in the Pine Grove would be "compatible" with the territory around it.

Wise continued by saying that all the property surrounding the Pine Grove was for non-residential uses. He cited the Pine Grove School, the Catholic Church and Shell property.

"Both factions agreed on one basic point — the Planning Commission has a 'momentous' decision to make." Said a spectator.

Anybody here see Kelly?

FASHION FEATURE . . . saucy snooty french poodle pictures artistically done by Charlotte Chapple added parisian flavor to the Orioles style show last week in the Salem Room of the Claremont Hotel.

And so convincing was Mary Dorr, broadcasting on a trans-ocean hookup from the Cafe Chien D'or sidewalk on stage amid brandy snifters, french breadsticks and music by sidewalk musician Jasper Allara, that we ACTUALLY craned our necks when she announced that Miss Grace Kelly was seated with other celebrities at a corner table. She wasn't, of course, and we felt like a perfect rubberneck!

BUT JUST AS PRETTY AND POISED as La Kelly was Fran Dirickx, Chairman, who modeled some elegant things from V. Hammond's that could have gone right to the Riviera . . . A stunning white silk gown w/an exquisitely-draped front floor-length panel . . . and under a black dress coat, slit hight at the side seams, a black-on-white print, a broad-brimmed black straw.

ON THE RUNWAY . . . Robin Ann Mark, prexy of the jr. orioles, a charmer in everything she modeled . . . Popular young Judy Parker in a "Rice Boy" suit of navy piped in red, which you might like to ogle at Ogden's yourself! Little Carol Ann Smith in a "bittersweet" bolero dress, from Turner's tots-fashions.

QUICK CHANGE ARTISTS . . . Cay Snover and dghtr, Nancy, out of "beach baby" ruffled bathing suits and into Mother-Dghtr. dresses of periwinkle blue print, ric-rac trim, heartshaped pearl buttons, also from Ogdens.

Pat Sergeant and her Deb, another dressed-up duo . . . A sophisticated black, lace-trimmed, Pat liked so well she bought it for her own wardrobe.

Between bites of fresh fruit from our "pinapple-on-the-half-shell" lunch, we liked Marilyn Bowles in a wide-skirted white pique, Helen Harrer in a floating cerise chiffon, Kay Arends in a draped turquoise chiffon over net, and Helen Adams, tall and terrific in a short white nylon tulle . . .

ORIENTAL LOOK, A MANY-SPLENDORED THING . . . A wave of applause greeting Harriet Thurlow in a a show-stopper Mandarin dress, A cute "Coolie Boy" outfit for Caroline Read.

SOMETHING FOR THE POOL? Well, maybe the Palm Springs one . . . Looking every bit like STARDUST, Billie Keating in a shimmery, glimmery white strapless swim suit. Young Joan Dirickx, her lovely long hair tied w/ribbons, in a "Busy Bee' chambray playsuit which she bought from Turner's w/her own piggy-bank savings.

SOCIAL NEWS . . . At the Charity Ball, staged by the Oakland Jr. League at the Golden Gate Turf Club on Feb. 18, danced the William Scatenas, Robert Boyles, William Cooks, Jim Reads, Godfrey Greggs, Rita and Richard Frost, the Donald Wells, Harry Pecks, and Dr. and Mrs. Arthur Lundblad . . . The swish affair, oriental-inspired, was chairmaned by Mrs. James Felchlin of Orinda.

A morning coffee-gathering recently hostessed by Sue Dame (Damay) of El Camino Moraga in honor of Eve Panella, who w/her husband will soon move to the Islands . . . Mrs. Panella's husband Peter has built many of the homes in the Moraga Del Rey area and they leave many good friends behind. On hand for the "Aloha" coffee, Veree Harmon, Audrey Cannon, Beth Seat, Mona Tildsley, Ann Donham, Alice Doolittle.

Vellee Clevee hostess Helen Hoffman served up chopsticks to her guests at a recent Chinese luncheon held in her home, the fun of fortune-telling cookies for dessert.

TRAVEL . . . The Melvin Jacobuses home from a recent Arizona junket . . . Hilda and Otto Schroder of Orchard Road back from a flying trip to the Islands where they were registered at the Reef and visited w/Mr. Schroder's brother at Kaneoatha Bay.

Sue and Earl Goldsmith of Broadview Terrace spent a recent respite at a Palm Springs spa . . . The Ted Howes family christened Xmas ski clothes w/a trip to Pinecrest over Washington's B'day!

Anybody here seen Pretzel?

EDUCATION . . . On the Mills Campus for a tour through the Halls of Ivy, were Ann Shuey, Barbara Gibbs, Denise Comerford, Carol Ketsdever, Marilyn Englehard, Ann Sontag, Ellen Ciancarello, all prospective coeds enjoying the High School Visiting Day.

VITAL STATISTICS . . . Little Boy Blue blew into Orinda last week . . . A new son for Molly and Charles Blue, they've named him Richard.

Happy B'days celebed by Steve Dudley, son of the Carl Dudleys, who took his pals to supper and movie when he recently turned ten . . . To Susan Schilling who had her "first" dancing party at her parents home on El Toyonal . . . To Mike Halbert, who was born on Washington's B'day and took ten of his friends to Calaveras Big Trees for a Holiday in the snow w/sledding, snowballs and tobagganing.

HELP WANTED . . . To locate one precious pet named PRETZEL . . . The Ed Wilford family, forced to vacate their home in Dec. when the foundation gave way, have adjusted to several moves since . . . but none of them can reconcile to the absence of their 3 yr-old black and tan Dachsy who disappeared over a weeg ago, last seen vicinity of Vallecito Lane . . . If you can remember seeing the dog anyplace, call CL 4-4886.

ADVERTISING NOTE: When you viewed the Feb. issue of VOGUE, did you see what we did? Sandwiched in between the sleek fashions, a double-page spread, slick and sophisticated caught our eye . . The model? A single bottle of red catsup on a pristine page of stark simplicity.

Firemen Tell Kids About Fire Safety

A big attraction in the Home Arts Department at the Pine Grove School last week was the appearance of two representatives of the Orinda Fire Department.

Teaching the classes were Fire Marshal William Koch and Fire Inspector Wesley Jackson. Besides showing a film entitled "Before They Happen," a thorough course was given the students on safety in the home.

Discussed was how to report a fire, how to make an inspection of a home, the dangers of needless trash around a home, the dangers of using inflammable liquids for starting barbecue fires or using them as cleaning fluids, and smoking in bed (hoping that the students will take this warning home to their parents).

Also discussed was the importance of abiding by the local burning regulations, proper use of ashtrays in the home, and the use of approved incinerators while burning trash. Many students were surprised to learn that they should always phone the fire department even before starting their barbecue fires.

One of the reasons for this regulation is so that the fire lookouts can keep track of intended fires and therefore only take action on the accidental ones.

Koch added that the fire department is most willing to inspect any home in Orinda if the residents have any doubts as to its safety. Orindans are under no obligation when this is done, and a serious fire might be prevented if more would ask for help when in doubt.

Safety in the home is one of the areas that is included in this new Home Arts Department's program for the spring semester. For the past few weeks these seventh and eighth graders (200 in all) have discussed how to do a better job at earning by baby sitting, caddying, gardening or lawn mowing, and other types of jobs that teen-agers are interested in doing.

Also stressed was the importance of having a plan for spending either an allowance or money that has been earned. The Home Arts classes have covered baby sitting particularly well, which might be of interest to parents in Orinda who are seeking capable baby sitters.

Attending Luncheon

Attending the "Mayfair at the Races" luncheon and fashion show at the Golden Gate Fields Turf Club recently were Mesdames Andrew Hartanov, E. P. Wayne, Earl Winkler, George Redmond, Ralph Hill and William Brobeck. The festivities featuring ladies' fashions from Roos Bros. were presented by the Junior Alliance of Childrens Foster Care Service.

C of C Told Stand Of Civic Affairs Unit on Planning

Mrs. Laura Mallary reported to the Orinda Chamber of Commerce February 21, that members of the Civic Affairs Committee of the Orinda Association were in favor of working with the Chamber as soon as possible in long range planning for Orinda.

Mrs. Mallary stated at the regular meeting of the organization at the Willows that James Hupp had urged that all groups work together for the betterment of Orinda.

Village directors of the group proposed a lighting district for Orinda. John Black Jr. of Pacific Gas and Electric will provide an authority on lighting district matters at the next meeting of the Chamber.

Clarence Betz was appointed by the Chamber to check PG&E Plans for the construction of a guard fence around the High Line Tower on Brookwood Road.

The orginal lease of the property from PG&E stated that a fence should be built around the tower to protect PG&E property from being injured by cars parking in the area.

The area around the tower has been used as a parking lot.

Cars bumping into the tower may loosen connections on crossmembers of the tower.

A letter sent to the Chamber suggesting emergency road telephones be installed between the Tunnel and Walnut Creek for motorists in trouble was referred for action to the Diablo Highway Federation.

Discussion Set By Orinda Mills

The Orinda Mills Club will sponsor an informal discussion for prospective students, friends and those interested in Mills College at the home of Mrs. Mark Noble on Crane Court Tuesday at 8 .m.

The panel of Mills students will be headed by Sally Johnson, '56, of Casper Wyoming. Also present will be Mrs. Robert Mann and Mrs. Frank B. Hunt from the Admissions Office of the college.

Mrs. Stuart Henderson, Student Recommendation chairman of the Orinda Mills Club has invited the student panel to supper at her home preceding the discussion.

Group Hears Piano Recital

Mr. and Mrs. J. J. Dirickx of Crest View Drive, Orinda, hosted a musical evening for a group of friends gathered together to listen to a piano recital presented by Gabrielle Floyd of Orchard Road over Radio Station KPFA February 14.

The program consisted of piano works of Mozart, Schumann and Schubert.

Among the music-lovers gathered at the Dirickx' home were Mrs. Paul Pollaczek and Messrs. and Mesdames Ted Windle, Edward Law, Paul Stafford and Gilbert Earle.

4-Week Anniversary Fete Starts at 3 Kings Stores

Kings Food Center is celebrating its second anniversary with a gala "king-size" party at all three stores of the firm — Kings, Lafayette; Kings, Pleasant Hill, and Black's Market, Orinda.

"We've been planning this celebration for more than four months —there's so much we want to get into the celebration that we can't confine it to an ordinary one-week celebration, so we're making it a four-week celebration," Don Tice and Norm Ironside, co - owners, state.

Gala entertainment, numerous gifts, bargains galore and trips to Las Vegas, Hawaii and Disneyland are all part of the festivities.

Tickets for the trips and prizes are available at each of the Kings stores. No purchases are necessary, and one does not have to be present at the time of winner-selection in order to win, since winners will be notified. And the trips can be taken any time during 1956, to be arranged at the winners' convenience.

Here are some highlights of the celebration:

1. WESTERN-THEME celebration, now under way (February 29 through March 4). Leo "Pancho" Carrillo of "Cisco Kid" fame on TV and radio, veteran movie and stage star, will be at the three Kings stores during the day this Saturday. He will be at each store at various times during the day and will hand out autographed copies of his photograph.

A free pancake breakfast will be served at all three stores, all day this Friday and Saturday. Food samples and food demonstrations will also be features at each store — and there will be free ice cream cones, candy and bubble gum for the children.

Three all-expense trips to Las Vegas will be awarded, with the drawings to take place Sunday. Each trip will be for an adult couple. Accommodations at the famous Flamingo hotel, a big dinner party and cash for meals or other spendings are included.

2. TREASURE CHEST (March 7 through 11). A Treasure Chest will be at each Kings store. Just for the asking (no purchases necessary), you can get a key.

If you get one of the lucky keys it will open the chest. The three chests contain thousands of valuable gifts and prizes.

3. HAWAIIAN festivity (March 12 through 18). This will include a Hawaiian Luau, with roast pig and all, at each store the afternoon of March 16; personal appearance of Moana of Harry Owens' Royal Hawaiians TV show that Friday and Saturday (March 16-17) leis and other Hawaiian decorations all week—and a trip for two to the Islands.

LEO CARRILLO

This trip will include flight both ways by Pan-American Airways' Stratocruiser, a week's stay at the new, luxurious Reef Hotel on Waikiki Beach and tours of Oahu and Mount Tantalus and a Pearl Harbor cruise.

Also included in this trip will be a native Hawaiian Luau, other entertainment, and expenses paid for meals and souvenir shopping.

Drawing to determine the trip winners will take place Sunday, March 18.

4. CIRCUS WEEK (March 19 through 25). At all three Kings stores there will be clowns to amuse youngsters and grownups alike—and ice cream cones, hot dogs, balloons, peanuts, candy, bubble gum and soda water will be given free.

To be awarded are three all-expenses-paid trips to Los Angeles and Disneyland for familes of four (each trip for one family of four). Drawings will be held Sunday, March 25.

The Disneyland trips will include flight to Los Angeles (and back) by TWA, a personal car (waiting at the airport) for the family's use during the entire weekend stay, accommodations at the new Disneyland Hotel, free admissions to Disneyland, free rides at Disneyland, tickets for a major TV program, and cash for meals.

Fun, Bargains At Kings Stores

"Bargains galore like you haven't seen before" are the promise of owners Don Tice and Norm Ironside for the four-week second anniversary sale of Kings Food Center stores, now underway.

And the fun and entertainment will include, in addition to Leo "Pancho" Carrillo, Moana of the Harry Owens Royal Hawaiians TV shows, and clowns aplenty, the following:

Bob St. Clair, 49'ers star tackle; Locks Martin, the jovial giant 91 inches tall, and Don McNeilly's junior edition of Barnum and Bailey's circus.

Realtors Favor Flood Measures, WC Plan, Offices

President Barney Gilbert announced today that the directors of the Contra Costa Real Estate Board unanimously went on record as favoring the flood control bond issue for the Walnut Creek zone 3-B the adoption of the Master Plan for the city of Walnut Creek, the rezoning of the Pine Grove area in Orinda for the use of administrative offices.

"The Contra Costa Real Estate Board," Gilbert stated, "is made up of 450 members operating in real estate and its allied fields in Central Contra Costa County.

"These men are interested in the long range development of the county and a great amount of investigation was carried on before the Board of Directors decided to take definite stands." Gilbert added.

Giant Growth Seen Here By Stanford

Central Contra Costa County in the next 15 years will grow from a modest suburban area to a metropolitan and residential giant, holding 155,675 people and 39,308 homes, according to a report issued recently by the Stanford Research Institute.

The report was aimed at the future requirements of the Acalanes High School District, which, it says, will have a student population of 9567 in the year 1970, when a "saturation" will have been reached.

A BREAKDOWN revealed population forecasts of 37,440 for Moraga with approximately 9600 dwelling units, a 27,000 population for Orinda with 6940 dwelling units: 38,000 in Lafayette with 9719 dwellings; and 53,235 in Walnut Creek with 13,650 dwellings.

According to the Stanford group, the forecast for development of the Moraga area was established partly on the basis of discussions with planners for the Utah Construction Co.

Said Stanford researchers the "saturation" estimates, which indicate the ultimate population feasible, are determined by growth trends, existing population, development plans and studies of available land and existing zoning restrictions.

THE REPORT approved the high school district's policy of planning high schools for 1250 enrollments on the basis that this size provides optimum educational advantages for students.

Both the Stanford experts and the school trustees intimated, however, that in particular cases some school plants might be built for enrollments several hundred over the 1250 figure.

On the basis of the Stanford group report, trustees foresee seven high school plants in the Acalanes District by 1970 and a possible eighth high school sometime later on.

Red Cross Drive Seeks $29,000

"Give more this year" is the plea of the Mt. Diablo Chapter of the American Red Cross as it makes preparations for the fund drive which began yesterday.

Heading the drive is Robert I. Schroder, who last Friday named as his assistant, Dane Christensen of the Walnut Creek branch of the Pacific Telephone and Telegraph Company. Area goal is $29,000.

Chairmen for Orinda-Moraga-Canyon and St. Mary's, Lafayette, Pleasant Hill, Ygnacio Valley, Walnut Creek, Sun Valley, Alamo, Diablo, Danville and San Ramon are organizing their workers and are hopeful that the people in these areas will respond as never before.

IN ADDITION to the unprecedented disasters in New England and California, Red Cross handled major operations from July 1 to December 31 which included Hurricanes Connie, Diane and Ione, with expenditures of $430,-350; the Vernalillo County, New Mexico floods at $244,400; and the Woodbury County, Iowa flash flood with $53,000 given in relief.

Those amounts combined with the more than $27,000,000 spent in New England and California floods drained the funds of the national organization as never before, Schroder added.

In Contra Costa Conuty alone, where damage was not comparable with areas such as encompassed Marysville and Yuba City, $25,000 was spent in rehabilitation by the Red Cross.

MRS. THALIA Brewer, Public Information chairman on Mt. Diablo Chapter's board of directors, said that while the government has basic responsibility for the restoration of public property such as schools, bridges, water and sewage systems, streets and the like, the Red Cross deals with people and their personal needs.

Occasionally, people misunderstand the role of the Red Cross in time of disaster, she said. The national office directs duties as follows: food, shelter, medical and nursing help, clothing, information about the health and safety of loved ones, repair and rebuilding of homes, essential home furnishings and utensils, long term medical and hospital care, occupational tools and equipment.

David Comstock Decides to Run For Supervisor

David A. Comstock of Alamo, advertising and newspaper man, yesterday announced that he will file for the office of supervisor from the Second District of Contra Costa County.

a graduate of Acalanes Union High School, Comstock spent

A long-time area resident and two years in the Air Force and Signal Corps during World War II, at one time serving as Cryptographic and Signal Center officer in MacArthur's Tokyo headquarters.

Following the war, he studied advertising and commercial art at San Jose State College, returning to Walnut Creek in 1950 to start his own advertising agency.

HE AND HIS WIFE, Peggy, have two children, Cynthia, 7½, and Gregory, 4½, with whom they presently reside at 152 Jackson Way in Alamo, although they have just purchased a home at 1620 Ridgewood Road, also in Alamo, into which they will shortly move.

During 1955 Comstock published the Alamo Argonaut, a newspaper which frequently took hot issue with the Board of Supervisors during district planning controversies.

"It was while publishing the Argonaut that I fully realized the degree of stagnation which has overtaken our County Board of Supervisors," Comstock said in making his announcement. "Our representative from the Second district clearly is more interested in satisfying the selfish demands of a group of speculators than he is in the very real problems and needs of the people he claims to represent.

"THE HIGH-HANDED arrogance which the people of this district have received for their votes and taxes is in the tradition of the medieval barons, and does not even approach the enlightened attitude of 19th century Tammany Hall."

County Asked to Explain Planning Unit Reversal

The Board of Directors of the Contra Costa County Women's Planning Council has asked the Board of Supervisors to explain to the taxpayers of the county "recent action in the Moraga area" in which "important provisions made by the Planning Commission to safeguard future homeowners and taxpayers of the county have been arbitrarily overruled, benefiting the developer at the expense of the public interest."

Referring to commission action on Tract 2282 and Tract 2314, the council said:

"Precedent has been established for continuing policies which may well cost the taxpayers hundreds of thousands of unnecessary dollars. In the case of Tract 2282 we are saddled with heavy severance charges for future widening of the Moraga Highway. Action on Tract 2314 aggravates future flood control problems.

"SOUND PLANNING practice on adoption of the major streets and highways plan establishes setback lines for all highways proposed to be widened or limits access to these arteries. In this way needless waste of taxes and loss of property values are averted.

"Severance cnarges for the front yards and even the front doorsteps of homes are very high. If new homes platted along major highways are required to face a parallel street, instead of the thoroughfare, the ends of back gardens can be condemned for public right-of-way. The cost to the taxpayer will be substantially less and the homes, themselves, will still be useful to their owners.

"Similarly, where flood problems are already present, it is sheerest folly to permit compromise flood control provisions.

"THE SPECIAL FUNCTION and great opportunity of a county planning commission is to prevent mistakes and errors of omission in the development of the county which would require huge outlays at some later date.

"The county plan must consequently emphasize the savings which can be effected by doing things right in the first place. The planning which is of greatest value is that which is done before growth and development take place. Preventive planning, such as counties and small growing cities are well able to do, is the very soundest governmental economy."

The Women's Planning Council called upon the supervisors to "tell us how the public interest was served by reversing the recommendations of the Planning Commission in the case of these two tracts."

Heart Sunday Early Tally: Over $9200

Final results of the two-hour Heart Sunday drive staged by the Contra Costa County Heart Association last Sunday had not been tallied by Tuesday morning when Hal Forcey, Concord, treasurer, made a first report of collections in Central and Western Contra Costa County.

Tellers were still at work in the Heart Association office, 2363 Mt. Diablo Boulevard, Walnut Creek, and reported that receipts totaling $9,235.44 had been chalked up by Tuesday morning. Forcey estimated that figure would represent approximately 80 per cent of the total collected.

One thousand volunteers conducted a two-hour canvass of neighborhoods Sunday. In some areas as many as 25 per cent of the residents were not at home. In these cases, the campaigners left "not at home" envelopes to be mailed in to the Contra Costa County Heart Association in Walnut Creek.

ORINDA came in first with a total of $2479, to nearly double a quota of $1260. Mrs. J. H. Schwarck served as chairman.

Results to date show a total of $1907 for Walnut Creek, which was headed by Mrs. Howard B. Flanders.

Mrs. Roy B. Hazard, Lafayette chairman, asked that results be withheld until next week to include amounts collected last Wednesday evening. An additional evening of canvassing was made necessary to cover the complete territory in Lafayette.

A quota of $14,280 had been set for the Heart Sunday campaign, to be applied toward the $35,000 goal of the 1956 Heart Fund in Contra Costa County.

FORCEY STATED that in addition to the Heart Sunday drive, the association hopes to add another $6000 from other sources of income, including memorials.

Dr. James F. Embick, president of the association, expressed his thanks to volunteers and donors.

"Our special thanks go out to the thousand public-spirited men and women who gave their time Sunday," he said. "We are also grateful to the donors for their generosity in opening their doors, their hearts and their pocketbooks.

Science Courses Seen Adequate in Acalanes District

Acalanes High School District trustees after conferring with science department heads and teachers in the district high schools during their board meeting Monday night expressed "satisfaction and confidence" in the current science curriculum offered in the Acalanes District high schools.

Instructors in the district, who are currently re-evaluating the district's science curriculum, reported that more than fifty per cent of the Acalanes and Las Lomas students take two or more high school science courses during their secondary education.

District officials estimated that the opportunity for science education in the Acalanes District was above that afforded students in many districts of comparative sizes.

Science teachers indicated that the district's educational program in science was continuously being correlated with the needs of industry including, for example, utilization of microchemistry techniques in student classroom work.

Both trustees and instructors agreed that the science curriculum of the district should be continuously evaluated and modified to insure the best educational opportunities for students of the district in close coordination with the reported needs of the nation's industrial community.

Diablo Valley Drive Chiefs Organizing

In preparation for the annual meeting of the Diablo Valley United Crusade set for May 8, at the P.G.&E. Building, in Walnut Creek, the organizations' nominating committee met at Las Palmas, Monday.

President George Conner stated, "If the slate of officers for 1956 proposed by the nominating committee is accepted by the Cabinet, I would not hesitate to predict another banner year for the Diablo Valley United Crusade.

"We raised 108.9 per cent of our goal this year and under the leadership of the nominating committee's condidates, I'm sure we can better the mark in '56."

The Diablo Valley United Crusade was founded in 1953 to reflect the voices of Walnut Creek, Danville, Alamo, Pleasant Hill, Orinda and Lafayette in the conduct of the United Crusade's campaign and allocations functions.

In addition to the election of officers at the forthcoming annual meeting, the Cabinet will review its 1955 operations and announce its campaign chairman for 1956.

"Every recognized civic organization," Conner averred, "has a right to a seat on the United Crusade Cabinet and it is hoped that more service clubs, fraternities, sororities, management and labor organizations will exercise the right and help us carry on this community enterprise."

Covenant

Pastor G. Raymond White this week called attention to the statement of W. E.H. Lecky, the famous historian, who said, "It is difficult to exaggerate the moral advantage of an early and complete familiarity with the Biblical writings. This Sunday's schedule at Lafayette Covenant Church is:

Sunday School, 9:45 a.m.; morning worship, 11 a.m.—sermon topic, "Inner Resources for Outward Tensions"; youth groups, 6 p.m.; evening service, 7 p.m.—sermon topic, "A Symbolic Picture of Christ."

Borghesani to Leave Area; JC Job to Meyers

Louis A. Borghesani of Lafayette, East Contra Costa Junior College maintenance foreman for the last five years, will go into the lumber and supply business in Kelseyville, Lake County, after March 31, he told the junior college district board Monday night. Earlier he had submitted his resignation for board action.

His replacement will be Charles N. "Mickey" Meyers, also of Lafayette, who has been his assistant for the last four years at the college.

Borghesani said that he and his wife intend to sell their 3254 Park Lane home and some other Lafayette property. They have already purchased five acres in Kelseyville. Eventually, he said, they hope to have their two sons join them in the new Lake County enterprise. One son, Forrest, is an employee of Gallagher and Burk, Walnut Creek. Robert, the other, graduated from East Contra Costa Junior College with awards in baseball, football and basketball, and now is at San Jose State College.

AS MAINTENANCE foreman, Borghesani is credited with an important role in evolving a landscaped campus from a grain field, including the development of playing fields and parking lots.

Drummond J. McCunn, college district superintendent, said of him this week: "Seeing projects through from scratch is on old story to Lou. Before we got him, he had already won recognition for a great many. He is the one who sparked the Lafayette-Walnut Creek-Orinda Lions Club $16,000 drive for public subscriptions to finance lights on the Acalanes Union High School grounds. In four years, the subscribers got their money back from receipts of night games.

"Lou was also responsible for organizing the Lafayette Horse Shows, of which, I am told, there were six. They not only stimulated development of the Sheriff's Posse, but were the means of starting a magazine, Western Horsemen. And they financed the tennis court and backstop of the Lafayette Grammar School."

BESIDES BEING "the father of the Lafayette Lions Club," organized in 1937, Borghesani was active in promoting the Business Men's Association, a predecessor of the present Chamber of Commerce. For seven years he served as a Lafayette fire commissioner.

He is a member of an old Contra Costa family that has been in business in Martinez since 1890.

MEYERS, as president of the Lafayette Lions Club, worked with Borghesani in the $16,000 subscription-raising project and in several subsequent activities.

Before joining the junior college maintenance staff, he was in building construction for 10 years. Mr. and Mrs. Meyers and their three c hildren reside on Oak Hill Road.

BRAKES NEED BREAKING IN

The brakes on a new car or on a car that has been fitted with new brake shoes or linings should be broken in correctly. This is done by applying the brakes moderately for several days until they are nicely burnished. Severe application of the brakes may permanently injure new linings and may score brake drums.

'Sring Fervor' Plans Speeded

Mrs. Robert L. Caldwell has been named calendar coordinator as the Lafayette Community Center accelerates its plans for "Spring Fervor," the entertainment month of May.

Mrs. Caldwell has been checking with various commercial amusement centers in the area, which will provide their facilities on special reserved nights with profits going to the Community Center.

Some of the first entries on the calendar will be the Center's own Chuck Wagon Breakfast and the Lafayette PTA Westival, which has turned over a booth to the Center.

Nate's Delicatessen has offered free catering to any group giving a dinner for the Center.

Organiaztions which have decided on their "Spring Fervor" plans are urged by Theron Nelson, president of the Center, to return their forms to the Lafayette Community Center, P.O. Box 673, Lafayette.

Theme Selected For PTA Carnival

"Spring Roundup" was the theme chosen for Springhill PTA's May 19 fund raising carnival at an organizing meeting Tuesday night at the home of Mr. and Mrs. Orville Sammann.

Mrs. Charles Hahn and Mrs. Sammann were appointed co-chairmen of the event by Ways and Means Chairman Walt Tickner and president Leslie Underhill. The group decided that a minimum of 22 booths and other attractions, would be used for the event with the emphasis entirely on child appeal. Activities for all age groups will also be planned for the all day affair.

Volunteers will be asked for at the March 7 PTA meeting and questionnaires will be sent out through the school as the planning progresses according to Mrs. Underhill.

Those attending the meeting were Mrs. Edwin Rodman, Mr. and Mrs. Robert Underhill. Mrs. Henry Evans, Mrs. Robert Wilson, Walt Tickner.

Lafayette Oaks Home Burns To Ground, $75,000 Loss

A 12-room, $75,000 home at 953 Hawthorne Drive was destroyed by fire early Tuesday morning.

Despite the efforts of six fire companies the home of John A. Lindberg, noted aircraft compant inventor, was razed to the ground.

The blaze, still of undetermined origin, drove Lindberg his wife, Lois and two children from the home when the family awoke to find the house full of smoke.

Two cars and a trailer were saved by Lindberg, who was 1951 Musick Memorial Trophy award winner for aviation safety, but little else was salvaged.

Among other valuables lost in the flames were plans designed by Lindberg of future products for the aviation industry.

Charges were hurled by the Hilltoppers Club of the Lafayete Oaks area that they have been campaigning for the past two years to have commissioners install additional fire hydrants in the area, and improve water pressure in the lines.

Fire Commission Board Secretary Mel Nielsen said that the Lindberg home has two hydrants within 600 feet of it and Chief Elwyn Maxey claimed that firemen were at work within a few minutes. Tank trucks were pouring water on the fire in the time it took to lay hoses to the hydrants.

Neighbors took in the Lindberg family for the rest of the night.

"I read about those people who had that terrible fire in the canyon Friday and I packed up some clothes for them. I guess we're both in the same boat now," said Mrs. Lindberg.

The Lindbergs were still looking for a furnished home in which to reside as The Sun went to press.

Montecito PTA Honors Davidson

Fred Davidson, principal of Montecito School, was awarded the honoary life membership presented each year by the Montecito PTA at its Founders' Day meeting in February. The award was made by Mrs. James Pangburn, chairman of the life membership committee.

All families were urged by rag drive chairman, Mrs. James Quick to begin saving rags for the annual rag drive, March 12-15.

Prizes will be awarded rooms collecting the greatest amounts of rags.

Miss Jane Patorio, principal of Stanley School, spoke on the academic and social program at Stanley School. Boardman Moore explained the issues to be voted on at the special Tuesday school election authorized by the Lafayette School District.

Founders' Day chairman, Mrs. Charles Camp spoke on the history and purpose of Founders' Day.

Group to Gather

The Study Group on Adolescence will meet Wednesday at Stanley School.

This group includes parents of the students of the seventh grade.

Consultants are Jane Patorio, Ed Brown, Mrs. Alla Knudsen and Ben Harris.

The assisting mothers are Mrs. Thurston Perry and Mrs. L. B. Wade.

There will be a film presentation followed by questions and a discussion of the film.

Guest speaker will be Dr. W. W. Ornduff who will explain to the group the functions of an adolescent.

Post Office Hit By Nightly Flood

A revision in the mailing habits of patrons served by the Lafayette Post Office to reduce a nightly flood of mail was urged today by Postmaster H. T. "Doc" Crandell.

The postmaster made his plea at the outset of a campaign to acquaint the public with the problems of the postal system and enlist their cooperation in speeding service.

Surveys show most letters are mailed after 5 p.m., Postmaster Crandell reported. If more mail was deposited during the day, the nightly big load would be smaller and the result would be quicker mail service and greater economy and efficiency, the postmaster said.

I Scared Him . . . Or Vice-Versa!

Knowing just what to say and do at just the right moment is one of the most important items in the long list of things to know.

Evenexer Fowler, a janitor working in the El Nido Rancho Restaurant proved this early Sunday morning when he surprised a would be robber in the store room.

"The gunman, carried a small revolver and shouted out to me 'Stick 'em up, Man!'" Fowler said.

"I shouted back, 'What you doing here Man!' Fowler continued.

At this point both men turned and ran in opposite directions, the gunman jumped into a car with another man and fled off toward Oakland.

Fowler called the manager.

Police are conducting and investigation on the matter.

Friendly Farms-Orchard

By PERSIS K. REED, AT 3-2405

EVERYONE this morning was most upset by the fire which destroyed the Lindberg house across the hill. We used to see the lights on the badminton court (or what we thought was the badminton court), and hear the music when the youngsters had parties, and felt an interest in such a lovely house, and feel very badly this morning at having such a gay friend gone.

FRESHMEN

Peggy Boevers and Barbara Lawrence of Lafayette are freshmen at College of the Pacific and recently participated in the annual "Band Frolic."

This is where all the living groups (dormitories, sororities, fraternities, et al) work up skits and acts and compete against each other. The first night is the elimination, and the second night is the presentation of the show itself, and the two local aspirants made the finals on their very first try.

Peggy's mother and father, Dr. and Mrs. Maurice Boevers, were in the audience and clapped the loudest.

WALTZ

In the audience at "Anniversary Waltz" last Saturday night were Anne and Bud Marty of Anita Court, with their weekend guest, David Bacigalupi of Oakdale.

They all had dinner with friends in the city first, saw the play and had a very gay "night out."

DID YOU hear that Lois and Cece Mark welcomed their second daughter, Lori Jean, on February 19? She weighed in at 6 lbs. 14 oz.

February 25 was not only Christmas in Yuba City, but the day the Angellas of Dyer Drive decided to eat their Christmas turkey.

They invited Alice and Kim Bone and Phyllis and Harry Koses of Lafayette, and June and Tom Bond of Saranap to share it with them, and after eating, bridge, what else?

They are the most enthusiastic bridge group.

SHOWER TIME

Betty Knudson, Eunice Strieb and Joyce McDowell of Carolane collaborated last Friday night on a surprise stork shower for Marilyn Freeman, whose newest little bundle from heaven should arrive around April 23.

Those who really did surprise her (they think) were Jean Bondurant, Margaret Mason, Jean Crawford, Dorothy Misciagne, Gloria McConnell, Peggy Riehl, Margaret Mayfield, Evelyn Ball, Betty Hanson, Elaine Molberg, Sally Stellar and Marilyn's mother, Mrs. Edna May Clarke. Jean McLennan and June Miller were unable to come.

Besides opening the gifts (forgot to find out who opened the seventh one), they ate, of course, and played bridge, canasta and scrabble type games. The prizes were homemade candy and cookies by Betty, Jean Crawford and Jean McLennan.

Epidemic Rumors Denied by County

Rumors of a flu epidemic in the area were denied this past week by school and county health authorities.

In a survey of local doctors, it was learned that the number of flu cases for this time of year is quite normal. Health authorities cited that there were fewer reported cases of communicable disease, such as mumps, this year than in the past three years.

Cases of mumps had been reported at Acalanes High School but were later termed as just cases of "sore throat."

County Health officials pointed out that the flu is not the type that brought about thousands of deaths during World War I in California but a two to seven day variety.

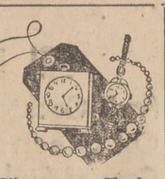

Hearing Tues. On Kennel Issue

An appeal against issuance of a permit to the Juanita Waite kennel in Lafayette has been made to the County Planning Commission.

Commission Secretary Joseph De Costa said a commission hearing on the matter would be heard at 8 p.m. Tuesday.

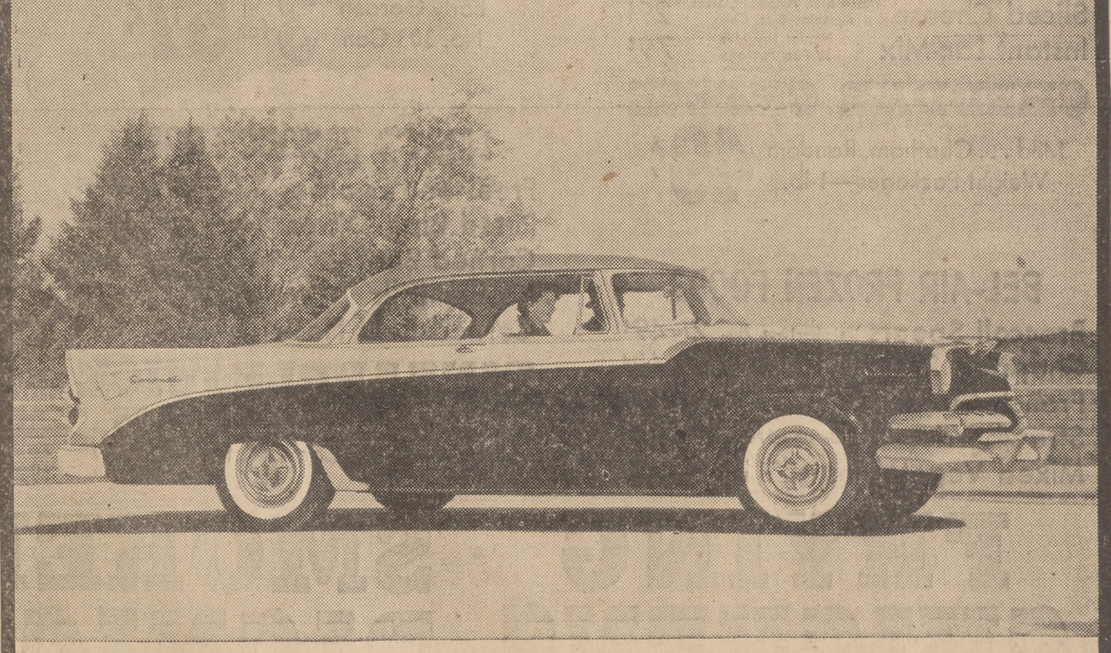

It has been proposed to establish the kennels on a 30 acre site north of the Lafayette Freeway on the former Kaiser property. State purchase of the land caused the kennels operator to seek a new site.

It's Time to Plan To Work Together

In recent weeks there has been an increasing expression by many Orindans on the need for cooperation for the common good of the community.

Within a few weeks or several weeks, the Pine Grove controversy may have been settled, one way or the other. No matter what the result will be, the time will be more than ripe for people to forget their differences and to continue to work for the betterment of Orinda.

Regarding the Pine Grove controversy or other problems in Orinda, some people have one view, others have an opposite view. It is perfectly natural that on a given subject, there be honest differences of opinion. But in most cases the motivating force — regardless of the side of the argument — is the desire to improve Orinda.

This is laudable; this is healthy. It is heartening that people feel such pride in their community.

The Pine Grove issue has split Orinda more than any other controversy we know.

This has gone to extensive lengths, where even neighbors and friends of long standing have swung into extremely bitter arguments.

Organizations have opposed each other beyond the rational, intelligent point.

All this bitterness and animosity, needless to say, hasn't helped Orinda.

So it is particularly heartening to note the recent increasing expressions in favor of cooperation, and recent developments giving additional substance to such expressions.

For example, the possibility of closer cooperation between the Orinda Association and the Orinda Chamber of Commerce is most encouraging. It is to be hoped that the two organizations really get together and stress their common aims and work for common objectives.

For, after all, both organizations sincerely strive for the welfare of Orinda.

And that's the way it is with most individuals and groups here. We all want to see Orinda continue as a wonderful place in which to live. We all want to continue to be proud of Orinda. We all seek Orinda's betterment.

But because we are human, we have different ideas — perhaps even seemingly conflicting ideas — on how to achieve these objectives.

Such differences of opinion, however, are no reason for bitterness or intolerance.

Quite the contrary — they form the basis for intelligent, calm discussion, and for strengthened cooperation.

That is the American way. That is the way America has progressed, and will continue to progress. And we feel sure that that is the way this community of Orinda will continue to develop.

What They Say

Do You Shop In the Area?

Area merchants are often concerned whether or not residents shop locally as a rule or travel to the "city" to do most of their shopping.

This past week The Sun's roving reporter asked the question, "Do you do most of your shopping here at home in your own community or do you go elsewhere to do most of it? In either case why?"

MRS. F. R. HASWELL, 3688 Mosswood Drive, Lafayette, said, "I do most of my shopping right around here. I find it very convenient and they have just about everything I want."

Mrs. S. M. DeFranco, 45 Crestview Drive, Orinda, said "Half and half, I've lived here about a year and I still do quite a bit of my shopping in my old community, but I do shop down at the Crossroads every so often."

GEORGE L. FOOT, 8 Camino Del Diablo, Orinda, stated "We do most of our shopping in Orinda, in fact I even have my car serviced here. It's really much closer and the mercahnts are much more friendly as a rule than downtown."

Mrs. R. C. Cantrell, 3239 Rohrer Drive, Lafayette, answered, "My husband and I do most of our shopping right here in town. Prices are about the same as downtown and it's much more convenient to shop in the area than drive to the city."

Mrs. L. C. Griffiths of 328 Strand Road, Pleasant Hill, said, "It's just as good a deal to shop right here, and a lot less trouble, and that applies to furniture, cars, and anything else." The Griffiths have lived here seven years.

"WE LIKE to patronize neighbors, because it helps the community," declared Mrs. Paul Stone, 2124 Ramona Drive, Pleasant Hill. She concentrates on the Gregory Village shopping center and the Broadway Shopping Center in Walnut Creek.

"I'm too Scotch to go any further than I have to," Mrs. Donold Delp of 1339 Homestead, Walnut Creek, confided.

"WE'D SHOP in Oakland except it's more convenient after a hard day's work to drive home to Walnut Creek before shopping," said Lloyd Wolters of 1860 Glenview Drive.

"We like to relax from driving at the end of the line, not the middle," he concluded.

Prize Winning Print Array To be Displayed at Center

Etchings, lithographs, serigraphs and woodcuts, including many prize-winning prints, will be seen at the Bay Printmakers Society group showing opening at the Valley Art Center, 3420 Mt. Diablo Boulevard, Lafayette, on March 8 and continuing through April 6.

The show will be open to the public during the regular hours of the Center, 11 a.m. to 3 p.m., Tuesdays through Fridays.

A preview of the show will be held at the Center on Thursday, March 7, from 7 until 9:30 p.m. for members of the Valley Art Center, the Artists' Market Committee, and their guests. Serving as hosts for the preview will be Messrs. and Mesdames Robert Holmes, Arthur Sassonne of Orinda and Howard Stafford of Lafayette.

The Bay Printmakers Society which was organized last summer, gained a wide reputation with its First National Exhibition at the Oakland Art Museum. The show is now scheduled to travel.

Among the works to be exhibited are serigraphs by Mel Strawn, whose one-man show just closed at the California College of Arts and Crafts. Will Peterson, co-founder of the society with Strawn, is showing luminous color lithographs whose theme is rocks.

Included in the show are the dynamic color etchings of Karl Kasten, head of the Print Department at the University of California; the delicate line engravings of Mar Jean Kettunen, whose works are included in the collections of New York's Museum of Modern Art and the Metropolitan Museum; and the sensitive prints of Virginia Vandergrift, a Fulbright fellow.

Other talented printmakers represented are Norma Rawson, John Ilhe, Jeri Anderson, Gordon S. Cook, David Burke, Susan Foster, Bruce McGaw, Nathan Oliveira, Deborah Remington and Louise Odes.

Currently showing at the First National Savings and Loan Association, 1352 Main Street, Walnut Creek, is a Valley Art Center-sponsored exhibit of oil paintings by Ida Marie Snapp of Danville. This group features non-objective, or abstracted, still-lives done in the contemporary mood.

Letters to The Editor

MORE FLOOD QUERIES

Dear Editor:

As publicity director for the Lafayette Improvement Association, I take responsibility for the news report in the January 13 issue of The Sun, pertaining to the impending flood bond. In last week's issue of the paper, I read that this news story was "in error," according to Messrs. Vanasek, Rowland and Gehringer.

If these gentlemen care to review the shorthand notes (transcribed) that I took of Mr. Carl Rich's statements on the night of January 11 at the Lafayette Town Hall, which in turn were the basis for The Sun's news story, I believe they might discover that the only "error" lies within the contradictions placed before the public by themselves and Mr. Rich.

ACCORDING TO my notes, Mr. Rich said that the major damage in the recent rains came from the secondary channels. I quote him: "This problem of the secondary channels cannot be solved until the major channels are corrected." He then said that the major channel work, covered by the current bond, was only preliminary to another forthcoming bond which would be for the sum of $30,000,000. Since then, he has stated that almost all the sections flooded during the recent storms were flooded from the major channels.

On January 11, upon being questioned by me, he said that completion of his proposed work will offer no guarantee that present rain damage will not be repeated in the future. On January 20, he contradicted himself through your paper, stating that most of this year's damage would have been prevented if the proposed project had been accomplished.

On January 11, he said that district-wide, equal tax for this bond is a "community responsibility." On January 20, he tells us that such a tax is "beneficial." There was no description of these benefits, however, so we are left to assume that this opinion of his is completely authoritative.

ON JANUARY 11, Mr. Rich was quite vague about the economics of this bond. For my mind, he failed to justify the monetary basis for this bond, or its execution. This unwillingness to analyze it factually is in no way overcome by the commissioners' bland assurances that they, the supervisors, the state engineer, etc., etc., consider it desirable.

On January 11, Mr. Rich was unable to discuss the possibility that this bond might obligate the taxpayer to pay more, in principal and interest, than the extent of yearly damage. Commissioner Rowland, as I recall, did not clarify this point. Last week's letter from the commissioners does not clarify this point.

On January 11, Mr. Rich referred several times to his opinion that complete flood security would not be obtained until the secondary channels were improved; he described this project as necessitating another bonded indebtedness to the extent of $30,000,000. I can not find any reference to this future expenditure in the letter from Messrs. Vanasek, Rowland and Gehringer. They can definitely estimate the need, for $42,885,000 in order to repair damage, but in their own words, they find that "Estimates of flood damage are difficult to determine with a high degree of accuracy." It appears that estimates of what is wanted are of more interest to them than estimates of what is needed.

THE 62 ACRES of land which are not identified might just possibly be in the Pacheco area which is, and always has been, somewhat inundated every year. Are the commissioners estimating these lost lands at their potential value as subdivisions or at their present value?

Are we to subsidize the unfortunate victims of flooded homes, with no assurance that their plight will not be duplicated again and again? Are they the victims of a 50-year-storm or are they the victims of a government that considers it good business to encourage residential developments on swamplands?

Where are the presently developed areas that will be prevented from flooding, by this project? Are these filled swamplands?

WHERE ARE THE lands, if any, that are presently undeveloped, that will be protected from flooding? Won't they be increased in value to the owners (by virtue of the fact that they are no longer in danager of flooding), at the expense of the taxpayers?

What would be the effectiveness and cost of annual creek cleaning, as contrasted to this magnificent tax proposal?

In closing, I would appreciate the publicly expressed opinion of our four supervisorial candidates, thus far ,upon the necessity for this proposed bond, and their interpretation of its economic aspects. What say, Mr. Zion, Mr. Nielsen, Mr. Larmer and Mr. Wallace?

MRS. ROBERT MacHUGH

Snoopy needles the boss man

"Well, boss man, who are you going to needle this week?" purred Snoopy, the office cat.

Now, Snoop, that's not very nice. You know I don't needle, although I do offer some strong, constructive criticism to some of our officials who get out of line.

Snoopy laughed—or at least I took the catty sneer for a laugh. "You might kid some of the people some of the time," Snoopy answered. "But I know someone who thinks you write with a poison pen. I corrected the guy—you use a poison typewriter."

Listen, Snoopy, I don't have time to answer your insults. Besides, if you aren't a good cat, I'm not going to show you a fan letter you received today. We have some important stuff to talk about and, if you are good, I'll show you your letter at the end of the column.

It wasn't loaded

Let's discuss for a few paragraphs a serious problem, as reported in two recent news stories:

"Tragedy struck two Concord homes here and snuffed out a schoolboy's life late yesterday—to the old, familiar refrain of a gun that wasn't loaded. Travis Scarborough, 14, who had been staying over night with his 'best buddy' Tommie Burnett, 13, fell fatally wounded by a 30-30 deer rifle bullet."

"Menlo Park—A bullet from a .45 caliber automatic pistol yesterday struck William Nelson, 17, in the back of the neck and then coursed upward into his brain, killing him instantly. The shot was fired accidentally by Leroy Green, 17. The Green youth was showing his father's pistol to the victim, police said."

No lecture need be given—the tragedies speak for themselves. But, in addition to parental precautions, it might be well to mention the commendable plan sponsored by the Orinda School District during the Saturday recreation program. A series of lectures and demonstrations was given to the boys on proper use and handling of firearms. Perhaps other school districts and recreation programs can offer similar instruction.

Bikes and trikes are loaded, too

While on a dismal subject, let's remember to remind our big and little kids that bikes and trikes can be dangerous. We have had kids killed and badly injured in this area because they rode their bicycles or tricycles onto the street from driveways or sideroads.

A 13-year-old Danville boy is now in "fair condition" in an Oakland hospital with a possible skull and fracture and broken shoulder blade. He didn't look.

Truckers, commuters attn.:

Here's a memo from Commuter Bob Kahn to be passed on to the Diablo Highway Improvement Federation and the Commuters Association:

"Just to report a truck problem. Febuary 16 at 8 a.m., headed west just short of the tunnel—a tractor and double trailer unit from "Delta." Incidentally, Golden State is often a problem—but usually at the tail end of the morning rush period—about 8:30."

Now, it's Snoopy's turn

Okay, Snoopy, you've been good for seven minutes. Here's that fan letter you received:

DEAR SNOOPY:

You know, Snoopy, I have been spending a lot of time thinking about how wonderful you are. Your "boss man' 'consults you about so many things and then listens to what you have to say.

And now I have heard that cats ALWAYS catch, tease and then eat ALL mice, so I have scampered into a safe, little hole, but I am still wondering. Then, if you hadn't been led to believe that cats just MUST catch mice, do you suppose that we could be friends, or even like brothers and join Brotherhood Week?

Being a very mousey mouse, I can hear about lots of things going on, I am wondering why this East Bay MUD, that is always being brought into conversations, has the idea that they should NEVER let any of their mud (oops! I mean "land") be used to help people have nice community projects—parks, schools, community centers and things of that kind? They might find out that it is a lot of fun to be real benefactors instead of acting like big bad cats (oops I mean "ogres").

You know, Snoopy, I bet there are lots of little mousey mouses that would love to tell you things, if they thought you wouldn't "eat them up."

A. MOUSEY MOUSE

(Incidentally, the letter was signed.)

Therapy Building Job Awarded Local Contractor

Construction will start early in March on a new Mount Diablo Therapy Center building, doubling the Center's facilities for treatment of the physically handicapped, Charles A. Wood, Jr., president of the Board of Directors, announced today.

The contract has been awarded to the E. G. Romley Construction Company of 2780 Mt. Diablo Boulevard, Walnut Creek, low bidder at $142,056. The architect is Harry Y. Nakahara of Martinez.

The site for the new building on Golf Links Road, Concord, includes four acres held by the Therapy Center under 99 year lease. The property is situated directly opposite the East campus of the Contra Costa Junior College. For the past five years, the Center has been located in the Highland Medical Building, Walnut Creek.

The new structure, of modern architecture, will consist of two buildings, one of which will house the administrative offices together with facilities for physical, occupational, and speech therapy. An adjoining building will be given over to the Sheltered Workshop where physically handicapped patients are trained for gainful employment. The new site will also provide ample space for outdoor exercise and therapy treatments.

Attorney Will Lead Campaign

John T. Knox, Richmond attorney and Democratic leader, will be chairman in the Sixth Congressional District of State Senator Richard Richards' campaign for U.S. Senate, it was announced.

Mr. Knox is treasurer of the United Democratic Fund of Contra Costa County, a member of the County Democratic Central Committee and past President of the Richmond Democratic League.

Population of Schools up

Eight school districts within a roughly T-shaped area stemming from the Broadway low-level tunnel have more than doubled in enrollment in the past five years, County Superintendent B.O. Wilson said today.

Districts and their enrollment in 1950 and 1955 include: Alamo, 1950, 259; 1955, 606; Danville Union, 491, 1,215; Lafayette, 1,488, 3,250; Mt. Diablo Unified, 8,151, 19,943; Orinda Union, 912, 2,198; Walnut Creek, 1,715, 3,597; Acalanes Union High School, 1,050, 2,175; San Ramon Valley Union High School 216, 543.

Contra Costa students from kindergarten through junior college total 87,540, a gain of 3280 or 3.9% over the previous year. The elementary enrollment was 67,756 and high school enrollment was 17,346.

Wilson said that the rate of increase in individual districts in the suburban areas is much higher but is offset on a county-wide basis by a decrease in enrollment in the Richmond area.

Church Council Officers Ascend In Monday Rites

Officers for 1956 of the Council of Churches of Central Contra Costa County will be installed Monday, at 7:30 p.m. in St. Luke's Lutheran Church, 2491 San Miguel Road, Walnut Creek.

The committees for the coming year will be appointed by the president, Rev. Ronald E. Smith, pastor of the Community Baptist Church, Pleasant Hill.

The officers to be installed with Mr. Smith are First Vice-President Dr. Robert Jackson, Second Vice-President Rev. H. Arthur Nordstrand. Secretary George M. Studley and Treasurer R. G. P. Mauss.

Passing potables and canapes at their Happy Valley home will be Newk and Marge Warburton to their guests the Ford Lovelaces, Dr. and Mrs. Hood Baxley, the J. L. Putmans, R. A. Claytons and the Allen Nugents.

In Pleasant Hill the Bill Coffeys are entertaining the Robert Bardells, Les Thompsons and the James Shierrys.

About Our Happy Country Folks

By EDITH BOLMAN

Getting off the social

We stopped writing this column ostensibly for the purpose of "getting off the social"—we even cooked up a deal with Mr. Newspaper to produce an occasional classic epic calculated to set civilization back on its heels—or at least certain parts of Contra Costa County (come to think of it, wonder how come he ever swallowed that plan), however the course of history took a sudden change for the worse awhile back when we watched Mabel Williams of the Tribune taking notes in a back hall on top a newell post.

Now if you have never tried that please realize there are only two possible results—you look up just for a moment to see the vision in tule and sequins and zowie—you fall down the stair well or you chin yourself on said pediment and look for all the world like a startled bust of Julius Caesar.

Well anyway, the scene touched off a latent spark in our soul, so here a few notes of things going on:

NEW CLOTHES HORSE in town—with eyes like great cobalt pools of reflected light (while Momie reflected much pride and some fright) Miss Connie DeLaveaga—aged 7—strolled along the Diablo ramp in sundry outfits plus gloves and a rosebud mouth courtesy Beauty Counsellors Inc., to model fashions for Pi Chapter of Kappa Kappa Gamma and many friends.

Other local models, taller maybe but certainly no cuter, were the Mesdames Bernard Goldstein, Emerson Wiser, David Brunson, B. S. Ginsburg, Robert Rowe, Jan Miller and daughters of the Ramsey Underwoods and Thomas Fitchs.

Spring shebang for moms

AND SPEAKING OF KAPPA, now it's Mother's Club staging the annual Spring shebang, on Thursday the 15th of March at the Chapter house in Berkeley. Local actives who will model are Sally McClure, Barbara Muller, Barbara and Mary Coate, Carolyn Demeter, Barbara Stark, and Beverly Wall.

Local committeeans are Mothers Coate, Wall, Stark and Demeter. Now if you want more information or a ticket call Mrs. Demeter at CL 4-2181 because she knows more about it than we do.

Clover leaf thingamabob

And then there was the Junior League Ball at the Turf Club at Golden Gate Fields. If you found that clover leaf thingamabob that took you under the freeway, and you managed to get to the race track instead of Richmond, the chances are you might have seen (this is not a complete list by any matter of means):

The Mesdames and Messieurs Edmund Cardin, Campbell Ross, Robert Holmes, Marshall Shapiro, Dwight Skaggs, Paul Demeter, Howard Inman, Donald Norman, Chauncy Pond, Peter Ley, Robert Brattain, Robert Spott.

Allan Grey, Timothy Colvin, James Morris, Oliver Hamlin, James Felchlin, Fred Seulberger, Lawrence Corbet, Johnson Clark, John Bailey, Leland Scott, Harmon Howard, Alexander Lindsay, John Watson, Paul Slattery, Ridgeway Woodburn.

A luncheon to be given before Mrs. Vallely's lecture on March 13 at the home of Mrs. E. R. Holabird. These pre-lecture luncheons incidentally are very festive and timed to the minute—everyone leaves early enough to beat Mrs. Vallely to the theater.

Previous gatherings have been given by Mrs. Clay Sorrick, James Sorrick, James McDonald and Paul Demeter.

Local touch the toers

And speaking of tasty luncheons—have you heard about the local exercise and stretch group composed of Mesdames Heywood Gathings, Evans Holabird, Clay Sorrick , Perc Brown, Wyn Bowran, Dorothy Lamb and Jay Duthie? They meet weekly and have a good go at it—ballet, shake, rattle and roll, and the best from Elizabeth Arden.

Then, of all things, periodically they have luncheon at one of the member's homes and eat creamed shrimp, buttered biscuits and lugubrious desserts!

The Earl Twomeys have been married for twenty five years. On Saturday last their friends gathered to pay homage at cocktails under the new crystal chandeliers in the turquoise library at the Country Club.

Just things in general

CULTURE COMES to town in various forms—"Jennie Kissed Me" is playing at the Curran, sweet and comical and you won't have a lot of unfortunate questions to answer if you take the young—nice for a change.

Easter Fair at the Claremont Hotel this week end—always fascinating to attend—read the papers for detailed information.

The Oakland Museum Spring Festival in April which you can't afford to miss—more about that later but for now

Girl Scout Cookie Sale Soon Underway

"Cookies for Camp" is the slogan for this year's Girl Scout cookie sale in the Diablo Valley.

The sale starts tomorrow and will continue until March 24. Proceeds will be used to complete the payment on the purchase of the 65-acre Twin Canyon Camp on Springhill Road, Lafayette.

Here girls learn outdoor skills and self-preservation. The selling of cookies is also one manner in which the girls feel they have an important part in participating in acquiring their own camp.

Handling of funds and what they are used for is part of the education of Girl Scouting, according to Mrs. Roy Price of Alamo, general products chairman.

Assisting Mrs. Price as district products chairmen are Mesdames Harold Frybarger, Alamo; Frank Rose, Danville; Adin Wilson, Lafayette; Everett Hendricks, Pleasant Hill; Everett Tranburg, Orinda; H. M. Hammond, Walnut Creek; Lois Meyer, Ygnacio Valley.

HOSTESSES AT A fashion show to be held March 10 at the Diablo Country Club are these members of the Kappa Tau Chapter, Beta Sigma Phi. Left to right are Mesdames Joe M. IT WAS announced that Mrs. Kuchta has been selected as the chapter's Girl of the Year because of her outstanding participation in sorority activities.

An active membership with the Danville was discussed and voted upon with Mrs. Kuchta acting for the chapter and Mrs. John Welcer as alternate.

Mrs. Herbert Minster explained the purposes of Beta Sigma Phi's International Loan Fund and Endowment Fund, the former to aid members in case of illness and other emergencies and the latter in the support of Cancer Research, Girlstown, and various scholarships.

THE MEETING was adjourned and the evening's programs were presented by Mrs. Minster whose subject was "Giving and Receiving Friendship" and Mrs. Robert Richardson whose subject was "How is Your Conversation" and "Voice and Vocabulary Reflect the Inner You."

Next meeting will be held Tuesday at 8 p.m. at the home of Mrs. Aboudara, Lynn Avenue, Concord.

JENNY LOUISE STAL is the bride-elect of Don Bradley of Orinda. Miss Stal is a native of Holland and met Don while on board a trans-ocean liner. Don was a photographer bound for Europe at the time. The "big news" was made public at Don's birthday party in Orinda. —Don Bradley Studio photo

Bradley-Stal Are Engaged

Mr. and Mrs. W. Stal of Scheveningen, Holland, have announced the engagement of their daughter, Jenny Louise, to Donald Franklin Bradley, son of Mr. and Mrs. T. F. Bradley of Orinda.

This announcement follows a romance which began with the chance meeting of the couple on an ocean liner during a trans-Atlantic crossing in October 1954.

At that time Don was bound for a photographic assignment in Europe and his work has since taken him to various points in South American and the Orient. Meanwhile his fiancee has come to visit his parents and the couple have decided to be married soon and to establish their home and photographic studio in the Bay Area.

Their engagement was announced in this country during the celebration of Don's birthday on February 20 at a dinner party attended by some of his family and close friends.

The "big news" became known when the family dog "Pixie" strolled among the guests saddled with large paper hearts bearing the names of the engaged couple.

Miss Stal, together with her parents and several of her brothers and sisters were captured and held prisoners of the Japanese for three years during their residence in Indonesia in World War II.

Following ttheir release and return to Holland, Jenny compelted her education at a junior college in The Hague and followed with special courses in medicine and X-ray technology.

Don is a graduate of Admiral Farragut Academy and of Los Angeles Art School where he obtained his BPA degree in photography. He served during World War II as a corporal in the Army Chemical Corps and Air Force.

Daughters of Colonists Hold State Assembly

Participants in the 26th state assembly of the Pacific Coast Section, Daughters of American Colonists, included Mrs. Clarence G. Smith of Orinda, general chairman, and Mrs. Warren Gavey of Walnut Creek, regent of the new John Carey chapter.

The assembly was held Sunday through Tuesday at the Hotel Claremont, Berkeley.

New members of the John Carey Chapter include Mesdames Gavey, W. Wollitz, Joseph Barclay, Burton Smith, Anthony Scafani, Roy Corley, Ernest Buck, W. D. Bayard and George Bitcom.

Ladies Enjoy Spring Fever

Mrs. J. J. Dirickx, chairman of the Orioles' "Spring Fever" Luncheon and Fashion Show, which was held at the Claremont Hotel, reports that the affair was a great success, both financially for the Therapy Center and socially for the guests.

Mrs. J. L. Chapple, chairman of the decorating committee, received many compliments on the originality of the decorations. The stage setting was a street in Paris and Virginia Hammond's and Ogden's Tween Togs of Orinda and Turner's of Berkeley were the fashionable salons from which the models appeared.

The French poodle pictures which decorated the dining room were conversation pieces and the hundreds of camellias used were truly beautiful.

Mrs. Lance Barden, president of the Orioles, introduced Mrs. John Dorr, who did the commentary for the show.

The clothes shown were very beautiful and everyone agreed the models displayed them with professional ability and gave the guests quite a dose of "Spring Fever."

Art Center Adds Two New Classes

The Valley Art Center has added two new classes to its spring schedule, Mrs. Harry Agler, of Lafayette, director of classes for the Artists' Market Committee, announced today.

A class in painting and drawing for beginning adults and children will be conducted by Mrs. Peter Warner, of Orinda, in her home. At first, the group will work in black and white mediums, progressing to the color mediums at an early date.

Mrs. Betty Plesche, of Concord, will instruct a class in oils and gouache for beginning adults and teen-agers. The group will meet at the Town Hall on Moraga Road, Lafayette, on Wednesday afternoon starting March 21.

An exhibit of works by Mrs. Plesche and her four daughters, the youngest of whom is 3½, can be seen at the Martinez Public Library during the first week of March.

Other classes which are already in session. but for which registration is still open, are being held by Mrs. Mildred Rachley Simon, Lafayette, who teaches silk-screen printing; and by Mrs. John Moran, Walnut Creek, who is instructing a group in figure and portrait painting and drawing for students with some previous art experience.

Miss Martin, Mike Kelly Married

At an early evening ceremony Friday Jacqueline Martin changed her name to Mrs. Michael Kelly. The former Miss Martin is the daughter of Mr. and Mrs. Vernon Martin of Pleasant Hill.

The evening ceremony was performed at St. Michael's and All Angels Episcopal Church in Concord by Dr. Phillip Daunton. The bride, gowned in blue brocaded catin with matching headpiece, walked down the satin lined aisle on the arm of her father, Vernon Martin. Her one attendant was Miss Hazel Thornell of Vallejo, who had a similar gown in pale pink satin brocade. Her headpiece was a tiny band of pink velvet leaves and both she and the bride carried old fashioned bouquets of white carnations with red rose and blue forget me nots.

THE GROOM, son of Mrs. Estelle Kelly of Pleasant Hill and Mr. Kelly of Fresno, chose as his best man Douglas Neufeld.

The bride's mother, Mrs. Martin, wore a navy blue knit suit with a tiny pink hat to match her pink carnation corsage, while Mrs. Kelly chose a black faille suit to wear with her pink carnation corsage.

A RECEPTION WAS held immediately following the ceremony in the church hall with Misses Pat Clinker, Bobbie Hanson, Gerry Warren, Laurie Jorrick, Shirley Gracey and Susan Allen assisting Mrs. Frank Shreve with the serving of the wedding cake and punch. Passing the guest book were Linda Rose and Madreen Akkerman.

Dons Split With Rams In Hoop Play

The Acalanes varsity copped a 53-49 win over the Pleasant Hill Rams, while in the Bees it was a reverse story, with the Ram five winning the nod, 41-32.

The games, played at the Mt. Diablo High gym Tuesday afternoon, found the Don varsity trailing 17-15 in the first quarter, with Center Jim McMullin scoring 7 points for the Rams.

The Dons pulled up to a 25-24 halftime lead, only to have the Rams go out in front, 40-38, at the end of the third quarter.

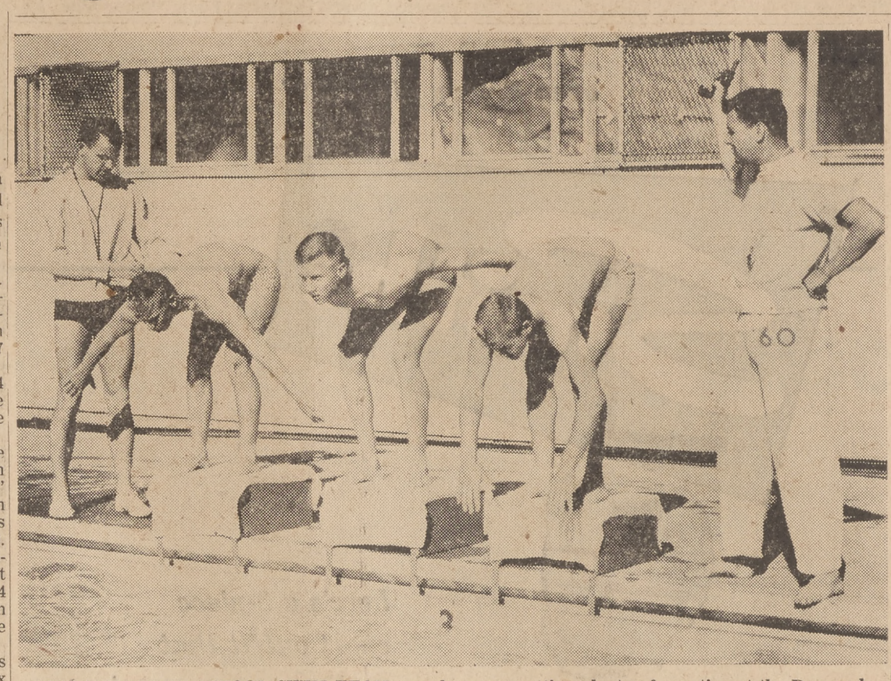

THE SCORE was close all the way in the home stretch, with two foul shots apiece by the Dons' Bill Link and Rich Markstein proving to be the difference, as Acalanes ended up winning 53-49.

Big Joe Sheaff, the Dons' elongated center, duplicated last week's feat when he meshed 24 points for top scoring honors on seven field goals and 10 free throws.

Guard Bob Ritchie was tops for the losers with 15 points. Six field goals and three foul shots.

IN THE BEE game the Don Babes stayed in range the first half when they trailed 20-15, but they never did catch up, as the Rams, behind the 17-point shooting of Center Rod Dutton, went on to win 41-32.

Forward Louis Marello took scoring honors for the Dons with 12 points.

Antioch Teams Nail Pacifica

Antioch had a little trouble last Friday night as the Panther quintets found the Pacifica Spartans anything but tough and coasted to a pair of wins.

In the Bees it was a one-sided contest, with the Antioch Bees (defeated only once) coasting to a 64-28 win.

In the varsity game, Antioch had its own way all the way.

Pacifica was anything but impressive as they were shut out in the first quarter 11-0 and were never in it as they went on to lost out, 47-26.

'Tanec' Ballet Coming to S.F.

"Tanec," the Yugoslav National Folk Ballet, will perform at the Opera House in San Francisco next Wednesday and Friday only, for two performances.

The dances, range in style from complicated footwork to intricate rhythms, requiring the greatest dexterity and speed; or from the slow, subtle, elegant dances for the women, conveying modesty, resignation, reticence, to the wildest and most aerial dances for the men, in some of which guns, daggers, swords are brandished in the midst of exciting leaps and turns and in which the musicians become participants.

Miramonte Edges Dons By 35-30

In a game played the night of February 23, the Miramonte frosh racked up the Acalanes Don first year men with a 35-30 final score.

The game was a wild and wooly one, although it didn't start out that way.

Scene of action was the Miramonte gym.

THE MIRAMONTE men jumped to a 10-2 lead in the first quarter, and at that point it looked like it might be a runaway.

Coach Robert Callan pulled his number one crew at this point, only to have the Dons pull up to within 4 points at the half, when the scoreboard read: Miramonte 18, Acaalnes 14.

In the second half the two top fives battled on near-even terms, with the Orinda club holding a 27-22 lead at the end of the third quarter.

IN THE FINAL period of play, the Dons pulled up to make it 30-29, in favor of the home club, only to have Miramonte hit on five quick points, to sew up the game in the closing minute of play, for a 35-30 win.

John Coffey hit from close in, then added a free throw when he was fouled, to make 3 points, and Dixon Farmer added 2 more when he shoved a setup in after taking the ball on a fast break.

The Dons were close on several long shots, but got only one point when George McMeans connected on a foul shot.

CENTER Coffey was top scorer for the winners with 12 points collected on five field goals plus 2 points from the three throw line.

Bill Houston, a nifty little left-handed guard, was next for Miramonte as he bagged four field goals for a total of 8 points while turning in an outstanding floor performance.

Forward McMeans notched 10 points for the Dons on two field goals and six free throws.

Mental Health Booklets Issued To Libraries

The Central Contra Costa Mental Health Association has presented to eight public libraries and the East Contra Costa Junior College library pamphlet materials regarding phases of mental health, it was announced.

Each library is to display mental health posters according to Walton Kirk, president of the group.

Mrs. Bertha Hellum, county librarian, approved the plans for pamphlet distribution to the public libraries. The libraries will aid in distributing to the public 2,000 leaflets, titled "Your Number One Mental Health Problem." According to Mrs. Hellum the libraries are eager to do anything they can toward Mental Health education and will offer their services again during National Mental Health week, starting May 1.

Church Casaba League Swings Back Into Play

The Church League got back into action after a week's layoff. All games were played at the Las Lomas gym.

Last Saturday, in a game starting at 7:30 p.m., the Walnut Creek First Baptist quintet scored a 41-36 win over St. Stephen's.

Top scorer for St. Stephen's was Wayne Hollister with 12, while Bill Willis paced the win with 13.

IN THE SECOND game, Santa Maria looped the Orinda Community Church five, 50-27, largely due to high-scoring Danny Ortland, who wound up with 20. Community's best scorer was Ed Gathings with 12.

Santa Maria was ahead, 20-9, at the half, and extended the lead when they scored 30 points to Community's 18 in the second half.

TOMORROW NIGHT finds three games on tap at Las Lomas High's gym.

Starting at 6:30 p.m., it's St. Stephen's vs. Orinda Community, while at 7:45 p.m. it's Santa Maria vs. St. Perpetua's, with the nightcap coming at 9 p.m. with Walnut Creek First Baptist playing Lafayette Community Methodist.

Coaches, Managers Will Meet Wednesday Night

By MEL ALAMANO

At a meeting held Monday at Walnut Creek Recreation Center more progress was made on the Youth Baseball program. Some coaches, both new and last year's, met and discussed various league groups.

There will be a coaches and managers meeting at 7:30 p.m. Wednesday in the Rec. Center.

All fathers who wish to assist with teams must attend or contact Bob Maxey at the Rec. Center before then.

This writer, who is the National League commissioner, can also be reached at YE 5-1017. Gord McNulty of the young boys' group can be reached at the same number.

Bob Maxey read the insurance policy covering all boys and coaches and this insurance must be put into effect before any clinics can be held. The $2 registration fee will probably cover insurance and any surplus will be used to help finance the program.

This fee should accompany each boy on March 10 when the first turnout will be held for all players. There was some mix-up in getting sign-up slips to the players. If any boy in the Walnut Creek area has not received a slip, please ask your school office or call the Rec. Center.

SIGN-UP SLIPS can be obtained at Sports and Games Inc., 1604 Locust Street, also. The date for all slips to be turned in was March 5, but this has been extended to March 10 when boys meet with their league officers and coaches.

The boys from 8½ through 10 years will meet at the Rec. Center at 10:30 a.m. The 11 through 15 year age group will meet at 12:30 p.m. at the same place.

We wish to thank Al Pereira Excavating Co. Again Mr. Pereira wishes to sponsor a team. Last year his team won the Good Sportsmanship Trophy. Also, thanks to Miilu and MacPherson Union Oil Service which will help sponsor a team.

As you know a sponsor can either have a whole team or a half team. For details, call or see Bob Maxey at the Rec. Dep't.

If weather permits the leagues and teams will be organized and ready to operate by the middle of April. Dads are needed for all leagues so let us know at once if you are interested.

ALL TICKET SALES will be put into effect after the March 10 meeting. Tickets for 50 cents will cover a season pass to all games. This is for equipment and umpires.

The teams will be picked by all coaches and the league commissioner will preside over balancing teams. Any father coaching or helping coach will draw his boy automatically.

As it looks right now, if more sponsors or groups do not come forth to help in the program it will double the work of raising funds to outfit each boy. All over California teams are uniformed, and if everyone knew how a boy feels about playing ball fully equipped, we are sure there would be no difficulty raising funds.

The Lafayette area boys shouldn't forget tomorrow's meeting at Acalanes High School. "Red" Gillham will hold sign-up day then.

Follow Diamond Chatter for all Rec. League developments. We hear "Red" Gillham is giving any boy instructions on hitting and fielding. Can't wait, Red? Spring training has bitten the "old pro" already!

Don Fives Beat Diablo In 2 Games

The Acalanes Dons were in the groove last Friday night and as a result the visiting Diablo Devils got their horns trimmed and tails clipped as they dropped a pair of league games to the high-rolling Acalanes fives.

The Don Babes blasted the Little Devils 61-51 as they put out with their best scoring effort to date.

The Don varsity won, 70-56.

Louis Marello, the Dons' sharpshooting forward hit for five field goals in the first quarter to set a high scoring pace that put them ahead at the half 32-19.

THE DEVILS scored often enough in the second half to win most games, as they tallied 16 points in each of the final two quarters, but the Don Babes, with a good halftime lead, scored 29 points of their own in the second half to rack up a comfortable win, 61-51.

Marello was top scorer with 20 (9 F.G.—2 F.T.).

IN THE VARSITY game the Don quintet blasted the Devils, and but good, when they registered their 70-56 win.

Coach Jean Ridley's crew was a determined bunch when they took to the floor and wasted little time as they took a 15-7 first quarter lead, with the Devils hitting for but one field goal in the period.

It was the Dons, 26-20, at the half.

It was a scorcher in the third quarter as the two clubs matched point for point in a free scoring period, with each posting 21 points.

THE DONS were not to be denied, however, and with Big Joe Sheaff showing the way, it was Acalanes pulling away to carve out the 70-56 win.

Joe was held to one foul shot in the first half but connected for 23 points in the second half, to take scoring honors (8 F.G.—8 F.T.).

Spartan Varsity Upsets Knights

The Pacifica Spartans won a practice game early in the season, then waited until the final game of the season Tuesday to cop their first league win by upsetting a favored Knight five that had walloped them earlier in the season.

The final score in the varsity game was 56-48.

In the Bee game the Knights had things pretty much as they pleased when they coasted to a 53-23 win.

IN THE VARSITY GAME at the Las Lomas gym the Spartans, paced by their high-scoring center, Larry Kent, who cracked the hoop for 10 points in the opening quarter, jumped to a 21-8 first period lead and kept up the sizzling pace, to leave the floor at halftime with a commanding 43-20 lead.

In the third quarter, with substitutes in the game, Las Lomas outscored the visitors, 14-5, and did it again in the final quarter, 14-8, but the halftime lead was too much to overcome, and it ended up with Pacifica notching the win, 56-48.

Kent of Pacifica wound up with 27 points (10 F.G.-7 F.T.), while teammate Guard Tom Growlette had 14 (4 F.G.-6 F.T.).

Forward Brad Gaston was top scorer for Las Lomas with 10 (2 F.G.-6 F.T.).

IN THE LIGHTWEIGHT game Las Lomas took a 28-5 halftime lead when they scored 14 points per quarter, while Pacifica had 5 in the first period and not a point in the second frame.

In the second half Coach Eldon Bennett substituted freely and coasted to a comfortable 53-23 win.

Pacifica's forward, Roy Andrews, was top scorer with 11, while the Knights had the big three in Forward Terry Yeager, Center Bob Gomez and Guard Pete Ostrom, who had 10 points apiece.

Area Roadsterites Awarded 'Rhodas'

Two Lafayette and a Pleasant Hill car designer and builder today hold Rhodas, top awards, for winning their class in the seventh annual National Roadster Show, concluded Sunday at Oakland Exposition building.

Winning Lafayette entrants are Bob Mailho, 3463 Golden Gate Way, first in the street coupe division; and John Barneson, 686 Glenside Drive, first in the sports car division.

FROM PLEASANT Hill Jim LaFond, 183 Cortsen Road, swept to his Rhoda (roadster show vernacular for an Oscar) with a light chrome yellow modified custom convertible.

Mailho's five window coupe, painted pure white, exhibited air cooled brakes all around, stainless steel running boards and an aluminum firewall separating the engine from the driver. The car also featured a 276 cubic inch Mercury engine, Weber flywheel, Friction Master clutch, Potvin 400 cam, Harmon & Collins magneto, Edelbrock heads.

The winning Barneson car was built by Jack Hageman, noted San Leandro custom car expert. Noteworthy features are aircraft type tube frame, three inch live rear axle, spot brakes, quick change rear end and torsion bar suspension. Its Chrysler engine turns up 360 horespower.

LaFOND, who belongs to the Pace Setters Auto Club of Concord, displayed unusual features on his Rhoda convertible. It has frenched headlights, gravel pans molded in, 1 954 Pontiac grill, hood molded and lengthened, door handles and seams under doors molded, skirts louvered, trunk lid molded, frenched tail lights and fins added, chromed interior steering wheel, radio, clock, window sills.

Grand Award for "America's Most Beautiful Roadster of 1956" was captured by the 24-karat gold plated roadster, built and entered by Eddie Bosio of San Francisco. It was trimmed in gold plate, and had full instrument panel, handles, exhaust outlet and many other parts in gold.

"Custom Car D'Elegance" grand award was won by the $52,000 LeMans Cadillac, owned by Harry Karl of Hollywood and customed by George Barris of Lynwood.

Noted Violinist With Symphony Over Weekend

Tossy Spivakovsky is next week's guest artist with Enrique Jorda and the San Francisco Symphony.

Odessa-born Spivakovsky, although he left Russia at two, occupies a worthy place among such great compatriots as Auer, Milstein, Heifetz, Elman, Stern and Oistrakh.

Next Thursday evening, Friday afternoon and Saturday night he will be heard with the orchestra in the melodic but prodigiously difficult Sibelius Violin Concerto in D minor.

A favorite of local concert audiences, Spivakovsky is probably best remembered locally for his spectacular 1948 debut when headlines across the country proclaimed him one of the generation's top fiddlers.

Jorda's orchestral program includes the first local hearing of Prokofieff's final major symphonic work, the Seventh Symphony together with Glinak's "Russlan and Ludmilla" Overture as the opener.

Tickets are being sold at the Opera - Symphony Box Office, Sherman, Clay & Co., and at all East Bay and Peninsula ticket agencies.

Christian Science

Man's God-given strength, assurance, and ability will be emphasized at services this Sunday at Churches of Christ, Scientist, at 22 Orinda Highway, Orinda, and 1347 Locust Street, Walnut Creek.

Keynoting the Lesson-Sermon entitled "Man" is the Golden Text from Daniel (10:19): "O man greatly beloved, fear not: peace be unto thee, be strong, yea, be strong."

Among the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (203: 13): "Spiritual perception brings out the possibilities of being, destroys reliance on aught but God, and so makes man the image of his Maker in deed and in truth."

Scriptural selections will include the following from II Corinthians (3:4, 5): "And such trust have we through Christ to Godward: Not that we are sufficient of ourselves to think any thing as of ourselves; but our sufficiency is of God."

Builder Exchange Adopts Program

At a special dinner meeting held in Concord, February 20 the Central Contra Costa Builders Exchange officially tied in with a new national movement known as "Operation Home Improvement."

Frank L. Crosby, vice chairman of the program, explaned the program and its effect on Contra Costa County.

Victor Engel, executive director, said "It is one of the major aims of OHI and this builders exchange to operate local OHI programs in such a way that "suede shoe operations" by marginal hit-and-run businesses who feed on gullible, trusting home owners can be severely curtailed.

"Member employers of the Central Contra Costa Builders Exchange will be encouraged to display OHI and builders exchange insignia in shop and office windows in order that the public may have confidence in members' services and products."

Bruce Winkworth Gets Show Lead

The male lead in the Dramateurs' forthcoming production of "Point of No Return," which will be given March 23, 24, 30 and 31 at the Berkeley Little Theater, is Bruce Winkworth of Orinda.

Bruce is past president of the Dramateurs and his duties as such have kept him from taking any major parts since his portrayal in "The Giaconda Smile."

Both he and his wife (she is well known in theatrical circles as "Tish" Winkworth) have devoted much time and effort toward making the endeavors of the Dramateurs successful.

Others in the cast are Terry Schralla, Eddie Woltz, Alita Apgar and Jimmie Gibbs of Orinda, Karl Stern, Jack Holder and Betty Reynolds of Walnut Creek, Tommy Lou Nather of Concord, John Reed and Martha Chase of Berkeley, James Harris and Leonard Nachman of Oakland.

Special College Tests Scheduled for April 19

East Contra Costa Junior College will administer Selective Service college qualification, or military deferment, tests, April 19, provided enough local men of military age make application to take them, Karl O. Drexel, dean of student personnel announced today. Applications may be obtained in his office, he said.

Drive carefully—save a life.
